A few hours before her death she realized the end was near and wrote messages of farewell to relatives. Owing to her ill health Mrs. Newkirk led a very quiet life. Every acquaintance she could claim as a friend, and on her last birthday was remembered by her many eastern friends with a postal shower. GET POWER

The Supply Comes From Food.

If we get power from food, why not strive to get all the power we can. That is only possible by use of skillfully selected food that exactly fits the requirements of the body.

Poor food makes a poor fire and a poor fire is not a good steam producer. From not knowing how to select the right food to fit my needs, I suffered grievously for a long time from stomach troubles. I write a lady from a little town in Missouri.

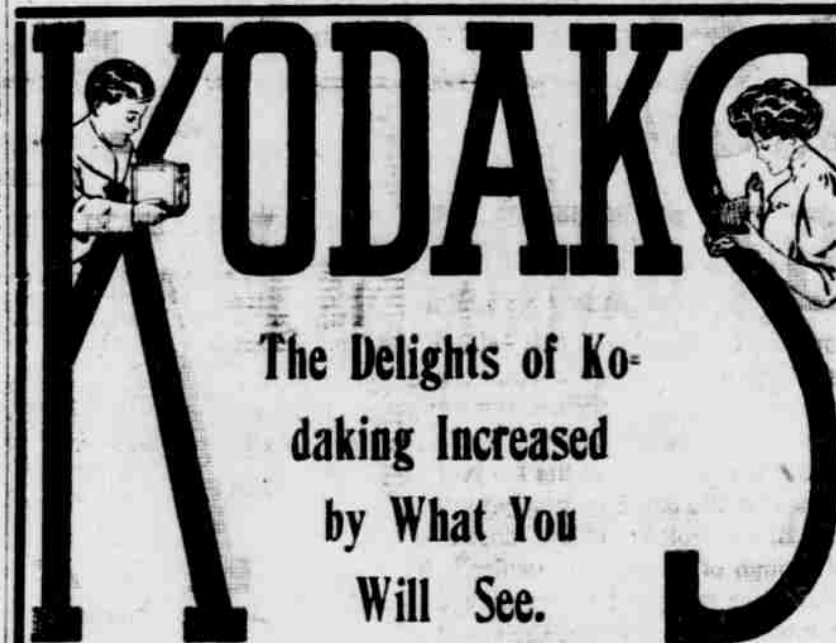

"It seemed as if I would never be able to find out the sort of food that was best for me. Hardly anything that I could eat would stay on my stomach. Every attempt gave me heart-burn and filled my stomach with gas. I got thinner and thinner until I literally became a living skeleton and in time was compelled to keep to my bed.

"A few months ago I was persuaded to try Grape-Nuts food, and it had such good effect from the very beginning that I have kept up its use ever since. I was surprised at the ease with which I digested it. It proved to be just what I needed.

"All my unpleasant symptoms, the heart-burn, the inflated feeling which gave me so much pain disappeared. My weight gradually increased from 98 to 116 lbs., my figure rounded out, my strength came back, and I am now able to do my housework and enjoy life. Grape-Nuts did it."

A ten days trial will show anyone some facts about food. Look in pkgs. for the little book, "The Road to Wellville." There's a Reason.

A YEAR OF FREEDOM

THAT WAS NOT HIS

Bartolo Carmelo Also Turned Up at Bouse.

The belated criminal case of Bartolo Carmelo was brought before the court yesterday morning, more than a year after an indictment for assault with intent to commit murder had been found against him. But Carmelo cannot complain that justice has been dilatory in dealing with him. He has only himself to blame if he should be found in the territorial prison a year

or more after he might have been free. Justice has always been ready for him. One night a year ago last fall Bartolo lurked beside the rear door of a Washington street saloon with anger in his heart and a big knife in his hand. When his enemy in the form of another Mexican emerged, Carmelo plunged the knife into his side and fled.

It was learned only lately by the sheriff's office that he had come to the surface at Bouse, where so many criminals within the last year have come up to breathe. Deputy Sheriff Gled went out and brought him in. Carmelo was arraigned yesterday and will plead on March 1. His bond was fixed at \$2,000.

Other matters in court were disposed of as follows: In the case of the Arizona Ranch company against S. J. Tribolet the action was dismissed on the motion of the plaintiff, each party to pay his own costs. The plaintiff's motion for a new trial in the case of Anna M. McCord against Mary E. McCord was reset for March 5. A de-murrer to the complaint in the case of D. D. Morring against E. V. Pemberton, Jr., was reset for next Saturday. Mary G. Tanquary was granted a divorce from Charles A. Tanquary.

Frederick, Willis Hahn, Granville Fuqua, Kenneth Bates, Kenneth Comstock, David Crighton, Hubbard Fuqua, Lee Doug, Sam Hopkins, Grover Hutson, John Creighton and Archie Theroux. The chaplains were Mrs. Church and Mrs. Hawkins.

Miss Carter Heard and Mrs. Stinnett spent one day last week with Mrs. R. L. Jackson of Isaac district.
